

Marbella

We celebrate this season with **rich colours & prints; rock inspired accessories and jackets; and an updated feminine twist on many of your favourite pieces.**

Prints and patterns are a must; showing everything from the classic sailor stripe, plaid on top or bottom, eclectic and floral prints, as well as bright patterns and animal prints.

This fall, cozy up in an oversized **Vince sweater** paired with skinny jeans – yes, they are still in. The season's choice fabrics include **leather, velvet, and sequins.** Couple a sequin top with your favourite boyfriend blazer, or **AG denim jacket** for a night out on the town. Spice up last season's favourite outfit with a detailed belt

MICHAEL KORS

from **Rough Roses**, or bring out your inner rockstar with exposed zippers, or anything studded!

Dresses are always chic – we are loving the sheath, mini, and all embellished necklines.

ADD jackets - our newest addition to our must haves! These down filled (and incredibly light) jackets are born and raised in Italy. In 1999, John C. Grain had a very innovative idea, with a high-tech heart. He created a project that experimented with new shapes, and transferred technological performance into aesthetic perfection. The combination of innovation and personal vision has created a match between the sportswear and fashion world.

Although we're not sure if it ever left, fall is once again upon us. Styled with smarts, this season's best looks cross generational lines. Over the years we have seen many fashion trends - and Marbella

Hayley & Tyler

has been around to share them with you.

This September, we will be celebrating our **ten year anniversary.** I first opened the store in 1999, located on College Avenue. Not long after, I relocated to our current location where we have worked to grow Marbella into a successful must-stop shop in Regina. I would like to take this opportunity to thank my family and all my faithful clients who have helped, and witnessed Marbella grow throughout the years. I would never have been able to follow my passion without your endless support and encouragement. As Marbella stands to prove, fashion truly is ageless.

Denim Obsession

Denim is hotter than ever. Not only jeans, but denim jackets and shirts. Borrowed from the boys – the boyfriend jean is back again for fall. Skinny jeans are very popular, seen in everything from black washes to worn and torn light washes. There is a jean for every individual shape – from high waisted to the trouser, bootcut to the skinny, every style works.

DYLAN GEORGE

We love our **SHOES!** Marbella is excited about the newest addition to our shelves – **Modern Vintage.** These thigh high (must have) boots will make your jaw drop. Booties are also here to stay and Kenneth Cole's fall choices are nothing short of gorgeous.

Fall brings every shade of grey. **Brighten it up!** Accent your wardrobe with **teal, papaya, amethyst** as well as monochrome patterns and prints.

This fall H&B's collection is inspired by the beauty and splendor of the universe while honouring the fragility of our earth. Sterling Silver matte, shiny and intricately designed balls are intermixed to create beautiful and interesting pieces. Onyx, Labradorite and Obsidian mimic the deep black and endless universe. Turquoise reminds us that Earth is the centre of our universe, and it is fragile and in need of our protection. **Saturday, September 19 Rachel Mielke will be in the store** to answer all your questions while she launches her entire Fall 2009 collection.
